Description

The butane regulator with a coupling for a camping bottle is the perfect accessory to ensure a safe and efficient supply of gas in your outdoor activities. Its quick-connect system makes it easy to connect and disconnect, saving time and effort in installation. In addition, its robust and safe design guarantees reliable use in any environment.

This regulator allows the flow of gas at the appropriate pressure from the bottle, ensuring optimal operation of your camping appliances. Its M16 x 1.5 outlet connection is compatible with most camping gas devices on the market, making it a versatile and practical accessory.

With the butane regulator with a coupling for a camping bottle, you can enjoy your outdoor activities with complete peace of mind, knowing that you have a quality and high-performance product. Do not let the lack of gas supply ruin your camping plans, trust this regulator to ensure optimal operation of your appliances and enjoy your outdoor experience to the fullest.
