Description

The 50x30cm round food storage container is the perfect ally to keep your food fresh and protected from insects. Its practical and functional design allows you to store fruit, bread or other foods safely and cleanly.

The container is made of resistant and breathable materials, which guarantees that food remains fresh for longer. Its compact size and round shape make it easy to store anywhere in the kitchen or pantry, taking up little space.

In addition, this food storage container is an ecological and sustainable option to preserve your food, avoiding the use of disposable plastics and contributing to the care of the environment. Its durability and quality make this product a long-term investment for your home.

Not only does it protect your food, but it also gives you the peace of mind of knowing that it is in a clean and safe environment. Forget about worrying about the presence of insects or contamination of your food, with this round fresh-keeping basket you will have everything under control.

Take advantage of this efficient and practical solution to keep your food fresh and safe at all times!
