Description

The 4x6 m multifilament harvesting blanket is the perfect ally for the olive, almond and olive harvest. Made of high-density polyethylene with a dye and stabiliser for sun protection, this blanket guarantees strength, lightness and durability.

With a fabric weight of 85 g/m² and a warp/weft composition of 6x6, this product is designed to facilitate the efficient and safe harvesting of fruits. Its size of 4x6 metres provides ample coverage, allowing large crop areas to be covered with ease.

Thanks to its strength and durability, this blanket protects the fruits during the harvesting process, preventing damage and ensuring a quality harvest. Its advanced design and high-quality materials make it an indispensable tool for farmers and producers looking to optimize their harvesting processes.

In short, the 4x6 m multifilament harvesting blanket is the perfect choice for those looking for a strong, light and durable product to facilitate the harvesting of olives, almonds and olive trees. With this blanket, fruit harvesting will be more efficient and safe, guaranteeing a successful harvest.
