Description

The 4x8 metre multifilament harvesting blanket is an essential product for protecting your crops effectively and durably. Made from high-density polyethylene, dye and UV stabiliser, this blanket guarantees strength and durability even in the most adverse conditions.

Its 85 gram per square metre fabric, with a 6x6 warp/weft structure, offers optimal protection against external elements, preventing damage caused by the sun, wind or rain. In addition, its design in olive, almond and olive colours is not only aesthetically pleasing, but also helps to camouflage the blanket in the natural environment.

With this harvesting blanket, you can keep your crops safe and protected, ensuring a quality harvest. Its 4x8 meter size makes it ideal for covering large crop areas, providing complete and efficient coverage.

Don't miss the opportunity to purchase this high-quality multifilament harvesting blanket, which combines strength, durability and effectiveness to protect your crops in the best possible way.

Specifications

Colour	Black
