Description

The 5x10 meter multifilament harvesting blanket is an indispensable product for agricultural work in olive, almond and olive harvesting. Made of high-density polyethylene with a dye and stabilizer for sun protection, this blanket offers strength and durability in demanding working conditions.

With a fabric weight of 85 g/m² and a warp/weft composition of 6x6, this blanket guarantees effective and safe coverage for fruit harvesting, avoiding damage and loss during the process. Its advanced design and high-quality materials ensure a long service life and optimal performance in the field.

In addition, its 5x10 meter size provides a wide coverage area, facilitating the harvesting work and optimizing the time and effort of farmers. With this cover, you will be able to carry out your agricultural tasks more efficiently and productively, obtaining quality results and maximizing the profitability of your crop.

Don't miss the opportunity to acquire this high-quality multifilament harvesting cover, designed to meet the needs of the most demanding farmers and guarantee the success of your crops.

Specifications

Colour	Black
EAN	8436555081720
Material	Polietileno
