Description

The Altipesa 102 approved 2-step aluminium stool is the perfect tool for carrying out work at height safely and comfortably. With its 80 mm steps and 33x20 mm profiles, this stool guarantees strength and stability with every use.

In addition, it has a riveted reinforcement blade and an anti-opening system that provides greater safety to the user. The PE end caps with non-slip reliefs ensure that the stool stays firmly in place, preventing slipping and possible accidents.

Its compact design makes it easy to transport and store, taking up little space when not in use. Ideal for domestic, DIY or professional tasks, this stool is an essential tool for anyone who needs to work at height with confidence.

With the Altipesa 102 approved 2-step aluminium stool, you can carry out your tasks at height efficiently and safely, without worrying about the stability or strength of the product. Get yours and enjoy the comfort and confidence you need when working at height!
