Description

The VM-140M FM remote-controlled wall fan is the perfect solution for maintaining a cool and pleasant environment in any space. With a diameter of 40 cm and a power of 45 W, this fan offers optimal performance to efficiently cool rooms.

One of the most outstanding features of this fan is its remote control, which allows you to control the speed and the oscillating function without having to get up from your seat. In addition, its multi-adjustable head allows you to direct the air flow in the direction you want, providing a personalized feeling of freshness.

With 3 power levels, this fan adapts to your needs and preferences, guaranteeing a comfortable environment at all times. Its elegant and modern design easily integrates into any decoration, whether at home or in the office.

Thanks to its wall mounting, this fan is a practical and functional option for small spaces, optimizing the available space. Enjoy the comfort and freshness offered by the VM-140M FM wall fan at any time of the day.
