Description

The Orbegozo CR-5032 2,000W oscillating ceramic heater is the perfect solution to keep your home warm and cozy on cold winter days. With its powerful PTC element, this heater is capable of quickly heating any room, offering 3 operating modes: fan, heat at 1000W and heat at 2000W.

In addition, it has an adjustable thermostat that allows you to adjust the temperature according to your needs, as well as overheating protection and an anti-tip system to guarantee your safety at all times. Its compact design of 20 x 25 x 14.5 cm makes it ideal for small spaces, while its carrying handle and non-slip base allow you to easily move it from one room to another.

This heater also stands out for its low noise level and its oscillating movement, which ensures an even distribution of heat throughout the room. With the indicator light, you will always know when it is in operation. Don't let the cold stop you, keep your home warm and comfortable with the Orbegozo CR-5032 2,000W oscillating ceramic heater!
