Description

The Orbegozo PC-1030 digital kitchen scale is the perfect ally for those looking for precision and comfort when cooking. With a capacity of 5 kg and a precision of 1 g, this scale will allow you to measure your ingredients accurately to achieve perfect results in your recipes.

One of the most outstanding features of this scale is its backlit LCD screen, which makes it easy to read the data even in low light conditions. In addition, it has advanced functions such as unit conversion, a tare function to subtract the weight of the container and an overload indicator to prevent damage to the equipment.

For greater comfort, the scale includes a 1.5 L bowl that makes it easy to measure bulky ingredients, a non-slip base that guarantees stability during use and the auto-off function to save energy. It works with 2 AAA batteries (not included), making it ideal for use anywhere in the kitchen without relying on power outlets.

In short, the Orbegozo PC-1030 digital kitchen scale is the perfect tool for those looking for precision, comfort and functionality in their culinary preparations. Don't wait any longer and get yours!
