Description

The 25mm straight link compression connector is the perfect solution for safe and reliable connections in high pressure systems. Its strong and durable design ensures optimum performance, withstanding a maximum working pressure of 16 bar.

This connector is ideal for industrial and commercial applications where reliability is paramount. Its easy installation and maintenance make it a convenient choice for any project. Manufactured from high quality materials, this connector ensures a long life and trouble-free operation.

With this compression connector, you can be sure that your connections will be safe and secure, preventing leaks and ensuring a constant flow of liquids or gases. Its compact and efficient design makes it a must-have tool for any high pressure system.

Don't take chances with unsafe connections, choose the 25mm straight link compression connector for a reliable and long-lasting solution in your industrial and commercial projects.

Specifications

Colour	Black
EAN	9555694205084
Material	Polímero
Measures	25mm
