Description

The 32mm straight link compression connector is the perfect solution to ensure a robust and reliable connection in pressure systems. Made from high-quality materials, this connector guarantees a long service life and resistance to corrosion, making it ideal for industrial and domestic applications.

With a capacity to withstand up to 16 bar of pressure, this connector is perfect for environments where high pressure resistance is required. Its simple and quick installation makes it a convenient choice for any project, whether at a professional or domestic level.

Thanks to its straight link design, this connector ensures a secure and long-lasting connection, preventing leaks and guaranteeing optimal operation. Its versatility makes it ideal for a wide range of applications, from irrigation systems to industrial installations.

In short, the 32mm straight link compression connector is the perfect choice for those looking for a durable, resistant and easy-to-install product. You won't regret choosing this connector for your plumbing projects.

Specifications

Colour	Black
EAN	9555694205091
Material	Polímero
Measures	32mm
