Description

The 20mm equal mouth 90 degree elbow compression connector is a high-quality product designed for piping systems. Made from heavy duty materials, this connector withstands a maximum working pressure of 16 bar, making it ideal for hydraulic and pneumatic applications.

Its 90-degree elbow design allows for easy installation in tight spaces, ensuring a secure and long-lasting connection. With this connector, you can be sure that your piping system will operate efficiently and leak-free.

In addition, its reliable performance under various operating conditions makes it an ideal choice for a wide range of applications. Whether in industrial or residential settings, this compression connector offers the peace of mind of knowing that your piping system is well protected.

Don't miss out on this high-quality compression connector that will give you the security and confidence you need in your piping systems. Get yours today!

Specifications

Colour	Black
EAN	9554569420258
Material	Polímero
Measures	20mm
