Description

The STEELPRO 2188-PF Face Shield is the ideal protective equipment for work in environments where effective protection against particle projections and liquid splashes is required. Its clear, impact-resistant polycarbonate visor ensures clear and protected vision at all times.

This product is perfect for work in metal, wood, stone, chemical industry, agriculture, painting and maintenance, offering complete and safe protection for the face. Its comfortable and secure head fit allows it to adapt to different head sizes and shapes, providing comfort during long working days.

In addition, its lightweight and durable design makes it easy to wear all day without causing discomfort. The STEELPRO 2188-PF Face Shield is the perfect choice for those looking for high-quality, high-performance protective equipment in their workplace.
