Description

The Prevalien Professional Fly Trap is the perfect solution for controlling house fly pests outdoors such as farms and gardens. Its innovative and effective design guarantees the capture of flies without allowing them to escape, thanks to its special attractants that attract and keep them trapped.

One of the advantages of this trap is that it is environmentally friendly, as it does not use biocides or harmful chemicals. In addition, it comes with a reusable container and two refills, making it an economical and sustainable option in the long term.

It is recommended to place the trap at a distance of 5 meters from the home for greater effectiveness in capturing flies. Its professional and advanced design makes it the ideal option for controlling pests in large areas, guaranteeing a clean environment free of annoying flies.

Don't waste any more time fighting flies, try the Prevalien Professional Fly Trap and enjoy a pest-free home!
