Description

Titanlux 750ml matte white synthetic enamel is the perfect choice for those looking for high quality and durability in their painting jobs. With excellent resistance and color stability, this enamel guarantees an impeccable finish that will beautify and protect iron, metal, wood and plastic surfaces.

Ideal for projects that require a professional result, this enamel offers a matte finish that brings elegance and sophistication to any surface. Its solvent-based formula makes it easy to apply, allowing for clean and precise work.

Whether you are refurbishing wooden furniture, painting an iron fence or giving your metal objects a new look, Titanlux matte white enamel guarantees a long-lasting, high-quality result. Its versatility and resistance make it the perfect choice for any painting project that requires a professional and long-lasting finish.
