Description

Titanlux synthetic enamel in vermillion is the perfect choice to beautify and protect your surfaces with a glossy and long-lasting finish. With excellent resistance and colour stability, this enamel guarantees an impeccable result on iron, metal, wood or plastic, both indoors and outdoors.

Solvent-based, this high-quality enamel offers uniform coverage and easy application, ensuring a professional finish on every decoration or maintenance project. Its 750 ml container is ideal for medium-sized projects, allowing you to cover a large surface with a single product.

Whether you're refurbishing your garden furniture, painting a metal door or adding a touch of colour to your wooden accessories, Titanlux vermillion enamel gives you the quality and durability you need. Don't settle for less and choose a product that guarantees a perfect finish that is resistant to the passage of time.
