Description

The 200ml tube of tile fixing putty 5806767 from Titanlux is the perfect ally for your renovation or tile installation projects. With this paste adhesive, you can fix your tiles easily and effectively, without having to dilute it beforehand.

This product is specially designed for indoor applications, making it ideal for use in domestic or commercial spaces. However, it is not suitable for use in swimming pools or cold rooms.

Thanks to its 200ml tube format, you can apply the putty directly to the surface to be worked on, comfortably and precisely. In addition, its formula guarantees a secure and long-lasting fixation, so that your tiles stay in place for a long time.

Don't miss the opportunity to have a quality adhesive for your DIY projects. With the 5806767 tube of tile fixing putty from Titanlux, you can achieve professional results quickly and easily. Get yours and start renovating your spaces with style!
