**Box 25 flat spring crank
29x29x1.7mm 10310 micel**

Brand: MICEL

Reference: ALM 3001.1021

Box of 25 MICEL flat crank springs, model 10310. Each spring measures 29x29x1.7mm. Ideal for precision mechanisms where constant force and smooth movement are required. High quality steel for long life and fatigue resistance. Perfect for repairs and DIY projects.

[View product online](#)**Description**

The MICEL 10310 box of 25 flat crank springs is the perfect solution for those looking for a high-quality, long-lasting product. Each spring has dimensions of 29x29x1.7mm, making them ideal for precision mechanisms that require consistent force and smooth movement.

These springs are manufactured from high-quality steel, ensuring long life and fatigue resistance. This makes them the perfect choice for repairs and DIY projects where a reliable and durable component is needed.

Thanks to their flat crank design, these springs offer exceptional performance and great versatility of use. Their compact size makes them easy to install in a variety of applications, from industrial machinery to small electronic devices.

In short, the MICEL 25 flat crank springs box is the ideal choice for those looking for a high-quality, long-lasting and versatile product. With these springs, you can be sure that your projects will run smoothly and optimally for a long time.
