Description

The Bahco 302-35 pipe cutter is the perfect tool for cutting copper, aluminium and steel pipes with a diameter of 8 to 35 mm. Its ergonomic design with a TPE-coated knob ensures greater comfort during use, as well as allowing for quick and precise adjustment.

One of the most outstanding features of this pipe cutter is the additional spare wheel that is fixed to the knob, making it easy to replace in case of wear. This ensures greater durability and efficiency at work, avoiding unnecessary interruptions.

With a robust and resistant construction, the Bahco 302-35 pipe cutter guarantees precise and clean cuts in different materials, making it an indispensable tool for installations and repairs. Its compact and lightweight design makes it easy to transport and store, making it ideal for both professional and domestic use.

In short, the Bahco 302-35 pipe cutter is a high-quality tool that offers exceptional performance, making everyday work easier and guaranteeing impeccable results every time. Don't wait any longer to get yours and enjoy all its advantages!
