Description

The 100-meter roll of green coated wire is the perfect solution for fencing and gardening projects. With an inner diameter of 1.8 mm and an outer diameter of 2.6 mm, this wire offers strength and durability to ensure the safety of your space.

Its green coating not only gives it a pleasing aesthetic appearance, but also protects against corrosion, ensuring long-term outdoor use without deterioration. This makes it an ideal choice for domestic, agricultural or industrial applications.

In addition, its 100-meter length gives you the perfect amount to carry out your projects without having to worry about running out. Its easy handling and versatility make it a convenient option for any type of user, whether an amateur gardener or a construction professional.

Don't settle for just any wire, choose the quality and strength offered by this roll of green coated wire and enjoy a long-lasting and safe fence in your home or workplace.
