Description

The 3kg pack of 18x80mm flat bits made in Spain is the perfect addition to your carpentry, construction and repair projects. These bits are made from high quality materials that guarantee strength and durability, making them a reliable choice for any task.

Their flat design facilitates a secure and stable fixation on different surfaces, making them ideal for both professional and domestic use. With these bits, you can be sure that you will get excellent performance in every application, no matter the complexity of the job.

Whether you are building furniture, repairing structures or doing any other type of project, these flat bits offer you the versatility and quality you need. Don't settle for low quality bits that break easily or don't offer the necessary strength. With this pack of 18x80mm flat bits, you can be sure that you are using a reliable and durable product that will help you complete your projects efficiently and effectively.
