Description

The Widia Standard Marmolit Hepyc drill bit is the perfect tool for drilling into high-strength materials such as marble. With a diameter of 5mm and a length of 85mm, this drill bit is made with a tungsten carbide tip, ensuring greater durability and precision in cutting.

Its exceptional performance and long service life make it the ideal choice for both professionals and hobbyists looking for impeccable results. The high-quality steel it is made of provides superior resistance to bending, ensuring efficient and precise work at all times.

With the Widia Standard Marmolit Hepyc drill bit, you can make clean and precise holes in hard materials such as marble, without having to worry about premature tool wear. Its advanced design and high-quality materials make it a safe investment for any drilling project that requires precision and reliability.

Specifications

Colour	Grey
Diameter	5mm
EAN	8426578032243
Manufacturer	HEPYC
Long	85mm
Material	Steel, Carburo de tungsteno, Carburo cementado
Measures	Ø5x85mm
