Description

The 10-piece 5.5 mm diameter HSS rolled drill bit set, model 338N HEPYC, is the perfect choice for those looking for quality and performance in their drilling jobs. Made from high-speed steel, these drill bits offer greater durability and wear resistance, making them ideal for drilling into metals, plastics and hardwoods without losing their sharpness.

Their robust design ensures long-term use without losing their precision, making them the perfect tool for both professional jobs and DIY projects around the home. With these drill bits, you will be able to make clean and precise holes quickly and efficiently.

In addition, their 5.5 mm size makes them versatile and useful for a wide range of applications, making them a must-have in any toolbox. With the set of 10 HSS laminated drill bits with a diameter of 5.5 mm, model 338N HEPYC, you can carry out your projects with the confidence of having a quality and high-performance product.
