Description

The Hepyc 338N 6mm Rolled HSS Drill Bits 10 Pack is the perfect choice for those looking for high-quality, high-performance drilling tools. These drill bits are specifically designed to drill metal materials with precision and durability, making them an ideal choice for industrial and professional applications.

Made from high-speed steel, these drill bits offer optimal performance in machining jobs, ensuring accurate and efficient results. Their rolled design provides greater strength and durability, making them ideal for intensive and prolonged use.

In addition, Hepyc's rolled HSS drill bits feature advanced features that set them apart from other options on the market. Its sharp tip and special geometry allow for a clean and precise cut, reducing friction and increasing drilling speed.

In short, the Hepyc 10-pack of 6 mm HSS rolled drill bits model 338N is the perfect choice for those looking for reliable, durable and high-quality tools for their machining projects. With these drill bits, you will be able to drill holes accurately and efficiently, guaranteeing professional results every time.

Specifications

Colour	Black
Diameter	6mm
EAN	8426578020202
Manufacturer	HEPYC

Material	Acero HSS
Measures	Ø6mm
