Description

The HEPYC 10mm diameter wood drill bit with three cutting tips is the ideal tool for making precise and efficient holes in different types of wood. Its robust design guarantees optimal performance in carpentry, DIY and professional jobs.

Thanks to its optimized geometry, this drill bit minimizes chipping, resulting in cleaner and more professional finishes. Made from high-speed steel, it offers greater durability and wear resistance, making it a long-lasting tool.

The hexagonal handle of this drill bit provides a firm and secure grip, allowing precise control while drilling. Its ergonomic design makes it easy to use, reducing fatigue during long work days.

With the HEPYC 10mm wood drill bit, you can make high-quality holes quickly and easily. No matter if you are a DIY enthusiast or a carpentry professional, this tool guarantees you impeccable results in every project.

Specifications

Colour	Black, Cromo
Diameter	10mm
