The bag of 200 3 mm spacers model 2902 from the renowned Rubi brand is the perfect complement to guarantee uniform and precise joints when installing ceramic tiles. Made from high-quality materials, these spacers offer strength and durability, ensuring an impeccable finish on any tiling or cladding project.

With a design conceived for professionals and amateurs alike, Rubi spacers are easy to use and provide high-precision results in every application. Their 3 mm size makes them ideal for tight spaces or for creating narrower joints, giving a polished and professional look to any ceramic surface.

In addition, these spacers stand out for their versatility and ease of adjustment, allowing quick and easy installation without complications. With the bag of 200 units, you will have enough spacers to complete your project with total confidence and without interruptions.

In short, Rubi spacers are the perfect choice for those looking for quality, precision and an impeccable finish in their tiling work. Don't miss out on them and ensure a professional result in every installation!
