Description

The Irimo 15" 375mm Adjustable Wrench is the perfect tool for any job that requires tightening nuts and bolts of different sizes. Its fixed jaw ensures a secure grip even when fully opened, making it ideal for high-demand jobs.

This wrench features a mm scale that allows for accurate measurements, making it a versatile and precise tool. Its parallel jaws with a 15° angle offer a firm and secure grip, preventing slipping and making work easier.

Made from high-performance forged steel, this adjustable wrench features a chrome finish and anti-corrosion treatment that guarantees its durability and resistance to rust. It complies with ISO 6787, DIN 3117, ASME B107.8-2003 and BS 6333 standards, ensuring its quality and reliability.

With the 15" 375mm Adjustable Wrench With Irimo, you can carry out your work efficiently and safely, without worrying about the quality of your tools. Get yours and experience the difference!
