**5kg bundle of galvanized wire
#20 4.0mm - 42mt**

Brand: BUARFE

Reference: ALM 3096.0719

High-strength galvanized wire, 5 kg, gauge No. 20 with a diameter of 4.0 mm and length of 42 meters. Ideal for construction projects, fencing, crafts and industrial uses. Corrosion resistant thanks to its galvanized coating, offering durability and reliability in various applications. Easy to handle and versatile for multiple needs.

[View product online](#)**Description**

The 5kg Galvanised Wire Bundle is a high strength and durable product, ideal for a wide variety of projects. With a No.20 gauge and a diameter of 4.0mm, this wire offers a length of 42 metres, providing enough material to cover large areas.

Thanks to its galvanised coating, this wire is resistant to corrosion, making it perfect for use outdoors and in construction projects that require extra protection from the elements. Its strength and reliability make it an excellent choice for fencing, crafts and industrial applications.

In addition to its durability, this galvanised wire is easy to handle and versatile, making it suitable for a wide range of needs. Whether you're working on a DIY project at home or a large-scale construction site, this wire bundle will provide you with the strength and quality you need.
