Description

The MCM 2525P mortise lock is the perfect solution for reinforcing security on wooden doors in residential or commercial spaces. With a 2-turn lever, latch and double cylinder, this lock offers an exceptional level of protection.

The latch can be operated from the outside with a key and from the inside with a handle, providing comfort and security to users. Its robust and functional design guarantees long durability and optimal operation at all times.

In addition, the 2525P lock has an MCM profile that gives it additional resistance to possible intrusion attempts. This makes it a reliable and effective option to protect your spaces and belongings.

Don't miss the opportunity to purchase this high-quality lock that combines security, comfort and durability in a single product. Protect what matters most to you with the MCM 2525P lock!
