Description

The Teka 79mm sink grid plug with plastic shaft is the perfect solution to keep your sink in top condition. Its design ensures a perfect fit, preventing blockages in the drain and facilitating the flow of water. Made from strong and durable materials, this grid plug is ideal for long-term use without losing its effectiveness.

Compatible with Teka sinks, this plug is easy to install and clean, making it a practical and functional option for your kitchen. Its 79mm size makes it perfect for most standard sinks, ensuring a precise and secure fit.

With this grid plug, you won't have to worry about blockages in your sink, as its smart design prevents the build-up of residue and makes cleaning easier. Enjoy a sink that is always clean and in perfect condition with this high-quality, high-performance accessory.
