Description

The CIS 06521 extendable curved siphon is the perfect solution for your drainage system. With a 1 1/2" valve that ensures efficient flow, this trap features a 70mm diameter stainless steel grid that ensures unobstructed drainage.

In addition, its chrome-plated brass ball chain provides smooth, trouble-free operation. With the inclusion of a 40mm to 32mm reducer joint, this trap offers installation versatility to suit your needs.

The durable design of this trap ensures a long lifespan, while its easy cleaning makes it ideal for regular maintenance. Whether in the bathroom, kitchen or anywhere else where a reliable drainage system is required, the CIS 06521 Extendable Curved Trap is the perfect choice.

Don't settle for low-quality traps that clog easily and require constant repairs. Invest in a durable and efficient product that will give you peace of mind and operate smoothly for a long time. Get the CIS 06521 Extendable Curved Trap extendable CIS 06521 and enjoy a top quality drainage system!
