Description

The 200mm galvanised extractor hood is the perfect solution for ventilation and air extraction systems in different environments. Made from galvanised material, this hood is designed to resist corrosion and ensure long-lasting durability, making it a safe long-term investment.

Its robust and functional structure allows for easy installation and optimal performance, ensuring efficient ventilation in industrial, commercial or residential spaces. With this extractor hood, you can maintain a fresh and clean environment wherever it is installed.

In addition, its advanced design and 200mm size make it ideal for large air extraction systems, ensuring a constant and effective flow. With this hood, you can enjoy a healthier and more comfortable environment in your home, business or industry.

Don't miss the opportunity to purchase this high-quality extractor hood, which combines strength, durability and efficiency in a single product. Get yours and enjoy optimal ventilation at all times!

Specifications

Colour	Grey
Diameter	20cm
EAN	8430942328269
Material	Acero galvanizado
Measures	ø20cm
