Description

The Orbegozo CU-2500 knife sharpener is the perfect solution to keep your knives sharp and ready for any task in the kitchen. With its 3-stage sharpening system, this sharpener guarantees precise and long-lasting sharpening. The first stage uses diamond to repair possible damage to the edge, the second stage uses tungsten carbide for coarse sharpening, and the third stage uses ceramic for a fine, polished finish.

Its compact and ergonomic design makes it easy to store in any kitchen drawer, and its suction cup base guarantees stability and safety during the sharpening process. In addition, its use is very simple, simply place the sharpener on a flat surface, press the suction cup to secure it and pass the knife through the different sharpening stages.

With the Orbegozo CU-2500 knife sharpener, you can always keep your knives sharp and ready to precisely cut any food. Forget about dull knives and enjoy efficient and safe sharpening at home with this practical and versatile knife sharpener.
