Description

The SteelPro 1988-OP hearing protection headset is the perfect solution to protect your ears in noisy environments. With a high attenuation of 32dB, this headset ensures that your ears are safe and protected at all times.

Its foldable and lightweight design makes it ideal for convenient transport and storage. In addition, its adjustable height allows you to adapt it to your needs for greater comfort. The angled ends not only improve sound dispersion, but also increase the user's visibility, which is crucial in work environments.

Whether you work in industry, construction, workshops or other noisy environments, the SteelPro 1988-OP headset is the perfect choice to protect your hearing and ensure your safety at work. Do not compromise on your hearing health and trust in the quality and effectiveness of this protective headset.

Protect your ears in style and comfort with the SteelPro 1988-OP hearing protection headset. Don't let noise damage your hearing and make sure you're protected at all times!
