Description

The KRT451104 200mm Triangular File with Handle from Kreator is the perfect tool for sharpening saw teeth and working on internal corners accurately and effectively. Made from T12 steel, this file offers exceptional durability, making it a reliable tool for carpentry and maintenance work.

Its ergonomic 115mm handle with TPR coating provides a comfortable and secure grip during use, allowing you to work more efficiently and accurately. The triangular shape of the file makes it easy to access hard-to-reach areas and ensures a flawless finish on every project.

With this file, you will be able to carry out sharpening and finishing work with the utmost precision and quality. Its robust and resistant design makes it an indispensable tool in any workshop or toolbox. No matter if you are a seasoned professional or an enthusiastic hobbyist, the KRT451104 200mm Triangular File with Handle from Kreator will help you achieve impeccable results on every task you undertake.
