Description

The 4-socket 4-switch power strip with 1.5m cable 100010003 gsc is an essential accessory for any work or home environment. With 4 sockets and 4 independent switches, this device allows you to individually control each connection, providing greater comfort and safety when using electronic devices.

With a 1.5-meter-long cable, this power strip is perfect for organizing and distributing power efficiently. In addition, its compact and practical design makes it the ideal choice for small spaces, such as offices or desks.

One of the most notable features of this power strip is its ability to protect equipment from power surges, ensuring the safety of your electronic devices. In addition, it has 2 integrated USB ports, which allow you to charge your peripherals quickly and easily.

In short, the 4-socket 4-switch power strip with 1.5 m cable 100010003 gsc is a versatile and functional solution for your electrical connection needs. With its combination of protection, comfort and safe design, this power strip becomes an indispensable ally for the daily use of your electronic devices.
