Description

The 08804P CIS universal cistern flush button is the perfect solution to keep your bathroom running efficiently and without complications. Its compact and elegant design suits any bathroom style, adding a touch of modernity and sophistication.

Made from high-quality, durable materials, this button guarantees a long life and reliable operation. Its universal fixing system allows for quick and easy installation, without the need to hire a professional. Compatible with most brands of cisterns, this button is a versatile and practical option for any home.

One of the most notable advantages of this button is its ability to guarantee significant water savings. With an efficient and precise mechanism, this flush button helps reduce water consumption with each flush, thus contributing to environmental conservation and saving on water bills.

In short, the 08804P CIS universal cistern flush button is the ideal choice for those looking for a quality product that is easy to install and guarantees optimal operation in their bathroom. You won't regret investing in this flush button that combines design, durability and efficiency in a single product.
