Description

The HEPYC 10-Piece 3mm HSS Cobalt Drill Bit Set is the perfect choice for those looking for quality and durability in their drilling tools. These drill bits are made from high-quality HSS high-speed steel and have a cobalt content that gives them superior wear resistance, making them ideal for drilling materials such as steel, non-ferrous metals and plastics.

With a precise design and superior performance, these drill bits guarantee a clean, professional finish with every hole. Their consistent diameter ensures accurate, deviation-free drilling, making them the perfect choice for jobs that require high precision.

Whether for professional use or DIY projects, HEPYC drill bits offer the quality and performance you need. Forget about standard drill bits that wear out quickly and opt for the durability and strength of HSS cobalt drill bits. With this set of 10 drill bits, you will have the necessary tools at your disposal to carry out your projects efficiently and accurately.

Specifications
