Description

The Hepyc 10-piece 9.5mm drill bit set is the perfect choice for those looking for quality and performance in their drilling jobs. Made from HSS high speed steel with cobalt, these drill bits are designed to drill through hard materials such as stainless steel and tough alloys with ease and precision.

Their high durability and wear resistance ensure long-term use without compromising the quality of the results. These drill bits are ideal for professional and demanding jobs, where precision and efficiency are essential.

In addition, their compatibility with standard and industrial-use drills makes them a versatile and practical tool for any type of project. With these Hepyc drill bits, you can be sure that you will get optimal performance in every use, no matter how challenging the material to be drilled is.

Don't settle for ordinary drill bits, invest in quality and confidence with this Hepyc drill bit set that guarantees you exceptional results in every drilling.

Specifications

Colour	Bronce
Diameter	9,5mm
EAN	8426578004011
Manufacturer	HEPYC
Material	Acero HSS, Cobalto

Measures	Ø9,5mm
