Description

The HEPYC 14mm HSS 5% Cobalt Drill Bit is the perfect tool for drilling into hard metals and alloys. Its recessed design not only provides greater accuracy, but also exceptional wear resistance, making it an ideal choice for high-demand jobs.

This drill bit is suitable for both pillar drills and portable drills, making it versatile and easy to use in a variety of situations. Its longer life compared to standard drill bits makes it a long-lasting and cost-effective investment for any professional or DIY enthusiast.

In addition, the precise and durable finish of this drill bit ensures flawless results with every hole, no matter how hard the material is. With the HEPYC 14mm drill bit, you can be sure that you will get the quality and performance you need for your projects.

Don't settle for ordinary drill bits, invest in the quality and precision of the HEPYC 14mm HSS drill bit with 5% cobalt and take your drilling to the next level.
