Description

The 12x150mm WIDIA DIAMOND HEPYC drill bit is the perfect tool for drilling through hard, tough materials with precision and efficiency. Its tungsten carbide tip ensures a long life and a clean, precise cut every time, making it an ideal choice for demanding jobs for both professionals and hobbyists.

The robust design of this drill bit ensures optimal performance at all times, thanks to its manufacture with high-quality steel that provides greater resistance to wear. In addition, its hexagonal handle allows a firm and secure grip during use, preventing slipping and ensuring greater precision in each hole.

With the 12x150mm WIDIA DIAMOND HEPYC drill bit, you can make high-quality holes in a wide variety of materials, from hardwood to metal, without losing cutting sharpness or work efficiency. Don't settle for low-quality tools, choose the WIDIA DIAMOND HEPYC drill bit and experience the difference in your drilling projects.
