Description

The ISEO-CISA E3411-23 Baton hook lock is the perfect solution to ensure the security of your home or business. With an adjustable latch and a laminated steel lever, this lock offers exceptional resistance against possible intrusion attempts.

The stainless steel front and strike plate ensure superior durability and strength, while the 15 mm Euro profile cam cylinder with three keys guarantees safe and controlled access. In addition, it has two nylon escutcheons and a fixing screw for easy and secure installation.

Its reversible design allows greater versatility, adapting to any type of door and offering greater comfort in use. With this lock, you can rest easy knowing that your property is effectively protected.

Don't skimp on security and choose the ISEO-CISA E3411-23 Baton hook lock to protect what you value most. With its combination of strength, durability and versatility, it is the ideal choice to keep your home or business safe at all times.
