Description

The Powerplus POWE10030 hammer drill is the ideal tool for those looking for power and precision in their DIY or professional projects. With a power of 720W, this automatic drill makes work easier by minimizing the effort needed to drill into wood, metal and concrete.

Its ergonomic design guarantees a comfortable grip and optimal control during use, which translates into greater precision in each hole. In addition, its easy-change chuck allows quick adaptation to different sizes of drill bits, making it a versatile and practical tool.

Whether you are carrying out small repairs at home or working on larger projects, the Powerplus POWE10030 drill will give you the power and precision you need to obtain professional results. Don't waste any more time with tools that do not meet your expectations, invest in quality and efficiency with this automatic hammer drill.
