Description

The 100-meter roll of white parallel cable with two 0.75 mm² conductors is the perfect solution for your low-voltage indoor electrical installations. This cable offers an ideal combination of flexibility and strength, making it a durable and safe option for your electrical needs.

Made from high-quality materials, this cable guarantees optimal performance and a long life. Its parallel design makes it easy to install and connect to lighting, appliances and other electrical devices in both domestic and professional environments.

With the possibility of cutting the cable according to your needs, this 100-meter roll offers you the flexibility to adapt it to any electrical project. Its white color makes it discreet and easy to integrate into any environment, maintaining a clean and tidy appearance.

Don't gamble with low-quality cables, opt for the safety and reliability offered by this 2x0.75mm white parallel cable. Trust a product designed to meet your expectations and exceed your electrical needs.

Specifications

Colour	White
EAN	8435240701288
Length	100m
Material	PVC, Copper
Measures	100m

Cable cross-section (mm ²)	2x0,75mm ²
Nominal voltage (V)	300
Type of cable	Paralelo
