Description

The Powerplus POWX00512 professional hammer drill is the ideal tool for the most demanding jobs. With a powerful 20V brushless motor, this drill offers exceptional performance and greater durability compared to conventional motors.

With 18 torque settings and a 13 mm chuck, this drill allows you to adjust the power according to the needs of each task. Its maximum torque of 50 Nm guarantees optimal performance in drilling and screwing jobs, even in hard materials.

In addition, the Powerplus POWX00512 hammer drill includes two 2000 mAh batteries, allowing you to work continuously without interruptions. With a charging time of only 60 minutes, you can stay productive at all times.

The hammer function of this drill makes it ideal for work in masonry and concrete, offering exceptional performance in more demanding drilling tasks. Its ergonomic design and light weight ensure greater comfort during use, reducing fatigue and improving precision in every job.

If you are looking for a powerful, durable and versatile hammer drill, the Powerplus POWX00512 is the perfect choice for professionals and DIY enthusiasts looking for the best quality in their tools.

Specifications

EAN	5400338097799
