Description

The 115mm (without battery) 20V POWDP35100 Powerplus Deburring Tool is a high-quality angle grinder that offers exceptional performance in a wide variety of applications. Compatible with 20V and 40V batteries, this tool is perfect for cutting and grinding jobs in both professional and domestic environments.

With a soft start that ensures a safe and controlled start, this deburring tool includes a 115mm disc (not included) that allows for precise and clean cuts. In addition, it has a 2-position auxiliary handle for greater comfort and control during use.

One of the most outstanding features of this deburring tool is its quick release lever, which facilitates quick and easy disc changes, saving the user time and effort. Its compact and practical design makes it an easy tool to transport and store, while its efficiency and versatility make it indispensable for any DIY or construction task.

In short, the 115mm deburring tool (without battery) 20V POWDP35100 Powerplus is the perfect choice for those looking for a powerful, durable and easy-to-use tool for their cutting and roughing projects. Don't miss out on yours!
