Description

The Powerplus 20V cordless drill driver is a powerful and versatile tool that will allow you to carry out a wide variety of DIY and professional tasks with ease and precision. Compatible with 20V and 40V batteries, this drill driver gives you the freedom to work without interruptions.

Its 13 mm automatic chuck allows you to quickly change bits, while its 21 + 1 torque settings and 50 Nm of maximum torque ensure optimal performance on any type of material. In addition, its 2-speed selector and two-way rotation function give you total control over the speed and direction of drilling.

The integrated LED light on the drill driver provides you with additional illumination in low-light work areas, allowing you to carry out work with greater precision and safety. With this drill driver, you can drill and screw quickly and efficiently, no matter how difficult the project.

If you are looking for a powerful, durable and easy-to-use drill driver, the 20V Powerplus is the perfect choice for you. Get yours and take your projects to the next level!

Specifications

EAN	5400338074158
