Description

The 10cm 3231 barbosa foam roller rod handle is an essential accessory for any demanding painting job. Made with a 6mm galvanized and drawn steel rod, this 10cm roller refill with click system guarantees an even and precise application of paint.

Its ergonomic plastic handle with fins provides a secure hold in buckets, making it easy to use and preventing accidental spills. In addition, its lightweight, resistant and reusable design makes it the ideal choice for intensive and prolonged use.

With this rod handle, you will not only get a professional finish on your painting projects, but you will also enjoy the comfort and economy it offers by allowing you to easily replace the refill and use it on multiple occasions.

Whether you are a painting professional or a hobbyist looking for impeccable results, the 10cm 3231 barbosa foam roller rod handle is the perfect tool to achieve quality and long-lasting work. Don't wait any longer to get yours and give a special touch to your painting projects!
