The Segarra 101 T.42 brown natural suede boot is the perfect footwear for those looking for durability, comfort and safety in their outdoor activities or demanding jobs. Made with reinforced natural leather on the instep, this boot guarantees greater resistance and durability, keeping your feet protected at all times.

One of the most outstanding features of this model is its internal insole that absorbs vibrations when walking, providing greater comfort during long work days or walks. In addition, its sole with great anti-slip capacity is ideal for greasy or muddy surfaces, offering a secure grip on any terrain.

With the Segarra 101 T.42 brown natural suede boot, you can enjoy the perfect combination of resistance and comfort. Whether you work in demanding environments or enjoy outdoor activities, this footwear will provide you with the protection and support you need to face any challenge with confidence.
