Description

Forget about batteries with the Plumtre Kinetic Wireless Doorbell in elegant black! This innovative doorbell uses the kinetic energy generated when you press the button, eliminating the need for batteries for the transmitter.

The receiver plugs directly into the mains (220-240V) and offers 38 different melodies to personalize your welcome. Adjust the volume to your liking with 8 intensity levels, up to a maximum of 50 decibels.

Made of high-quality materials (PC), this doorbell is sturdy and durable. Its modern design blends perfectly into any home.
The transmitter button is easily installed with the included 3M adhesive tape.
With a range of up to 150 meters (under optimal conditions) and IP68 protection, this doorbell is ideal for outdoor use.

Enjoy the convenience and peace of mind of a doorbell that's always ready to ring! Comes in a box. Maximum frequency: 433 MHz.
